

HARSH GOSALIA

Ahmedabad, Gujarat, India | +91 9408322010 | harshgosalia05@gmail.com

github.com/HarshGosalia05 | linkedin.com/in/harsh-gosalia-950774296 | harsh-gosalia-portfolio.vercel.app

Technical Skills

Programming:	Python, SQL, JavaScript, C++
AI/ML:	Machine Learning, Computer Vision, Data Preprocessing, Feature Engineering, EDA, Prompt Engineering
Frameworks:	Scikit-learn, TensorFlow, NumPy, Pandas, OpenCV, FastAPI, Flask, Streamlit
Visualization:	Matplotlib, Seaborn, Power BI
Databases:	MySQL, MongoDB, Supabase
Cloud:	AWS Basics (EC2, S3, IAM)
Tools:	Git, GitHub, REST APIs, Webhooks, n8n, VS Code

Experience

- **AI & Data Analytics Intern (Virtual) – Edunet Foundation | AICTE | Shell India** *Jul 2025 – Aug 2025*
Worked on **Python**, **Machine Learning**, **Data Preprocessing**, **Exploratory Data Analysis (EDA)**, **Scikit-learn**, and developed **classification**, **regression**, and basic **Streamlit** applications for ML prediction.
- **Automation Intern (Virtual) – Xyzon Innovations** *Jun 2026 – Present*
Developing **AI-powered workflow automations** using **n8n**, **REST APIs**, **Webhooks**, **Code Nodes**, and integrations with **Google Sheets**, **Gmail**, and **Telegram**.

Projects

Optical-Guided Thermal Image Super-Resolution (SIH 2025)

- Developed a **dual-stream EDSR** model with **feature fusion** and **attention mechanisms** to enhance low-resolution thermal images using high-resolution RGB guidance.
- Contributed to the development and evaluation of a dual-stream **EDSR-based** thermal image super-resolution model by supporting **data preprocessing**, **model experimentation**, and **performance analysis**, achieving **PSNR: 42.4 dB**, **SSIM: 0.92**, and **RMSE: 0.0159**.
- Collaborated on building an end-to-end deep learning pipeline involving **data preprocessing**, model training, evaluation, and deployment-ready inference using **PyTorch**.

AI-Powered Incident Response Agent (HackBaroda 2026)

- Built a **Multi-Agent AI Incident Response System** for automated cybersecurity investigation using **FastAPI**, **React**, and **Python**.
- Designed a workflow for **threat classification**, **root cause analysis**, and **remediation planning** using specialized **AI agents**.
- Developed a working prototype with an interactive dashboard during the **12-hour HackBaroda Hackathon**.

MediScan – AI-Based Disease Prediction System

- Developed **Machine Learning** models for early detection of **Asthma**, **Dengue**, and **Pneumonia** using Python.
- Performed **data preprocessing**, **feature engineering**, model evaluation, and integrated **OCR-based PDF extraction** for automated input processing.
- Built a **user-friendly prediction interface** supporting real-time disease prediction and manual data input.

AI-Powered Workflow Automation Suite (n8n)

- Developed an end-to-end **workflow automation suite** using **n8n**, integrating **Gmail**, **Google Sheets**, **Telegram**, **REST APIs**, **Google Maps**, and **OpenStreetMap**.
- Built automated **job application tracking**, **AI-powered job lead scraping**, and **business lead intelligence** workflows with data extraction, enrichment, duplicate removal, and opportunity scoring.
- Designed scalable, modular workflows with **error handling**, **webhooks**, scheduling, and reusable components to automate real-world business processes.

Education

GLS University <i>B.Tech in Computer Science Engineering (AI/ML) – CGPA: 8.85+</i>	2023 – 2027 <i>Ahmedabad, India</i>
Ultravision School <i>HSC (Grade: 90%)</i>	2022 – 2023
Trimurti Ultravision School <i>SSC (Grade: 89%)</i>	2019 – 2020

Certifications

• Oracle AI Foundation Associate	<i>Aug 2025 – Aug 2027</i>
• Deloitte Data Analytics Job Simulation (Forage)	<i>Jun 2026</i>
• NPTEL Recommender Systems (Elite)	<i>Jan 2026 – Apr 2026</i>
• Green Skills and Artificial Intelligence	<i>Jul 2025</i>

Achievements

- Selected for Smart India Hackathon (SIH) 2025 (ISRO Problem Statement)
- Developed an AI-Powered Incident Response Agent during HackBaroda 2026.
- Won 1st Prize at College Tech Hackathon for developing Syntext Reviser.
- Winner of Code Relay Competition
- Chess: 2nd Place (State Level), 1st Place (College Level)
