ABOUT ME

B.Tech Computer Science & Engineering (AI/ML) student with a strong interest in software engineering, web development, and Android application development. Passionate about creating practical solutions, exploring new technologies, and continuously enhancing technical and problem-solving. Seeking an opportunity to apply my knowledge and grow in a professional environment.

INTERNSHIPS

PERFETTO SOLUTIONS | IT / Computers - Software

Web Developer Trainee

Key Skills: UI/UX Implementation, React.js, React Router, Responsive Design, React Helmet, CSS, HTML, Javascript

Internship Experience React.js Developer | Intern – Perfetto Solutions

Developed responsive web applications using React.js with reusable components and modern UI frameworks including Bootstrap and Chakra UI. Implemented seamless navigation with React Router and optimized webpage metadata using React Helmet. Applied HTML, CSS, and JavaScript to create user-friendly, responsive interfaces while gaining hands-on experience in frontend and software development.

PROJECTS

Safe Text AI – Smart SMS Protector | Android Application

Developed an Android application focused on identifying and protecting users from suspicious SMS messages. Implemented AI-based text analysis concepts to enhance message security and user protection. Designed an intuitive mobile interface with focus on usability and performance. Gained experience in Android development, application logic, and mobile security concepts.

Resume Builder Website | React.js

Developed a responsive web-based resume builder application using React.js. Created reusable components for dynamic content generation and user-friendly interface design. Implemented modern UI styling and responsive layouts for better user experience. Improved understanding of frontend development, component architecture, and state management.

SKILLS

- Core Concepts : OOP, Basic DSA
 - Programming Language : Python, Java, C++
 - Web Technologies : HTML, CSS, React.js, Basic - JS, Bootstrap
 - Database : MySQL, SQL
 - Development Tools : Git, GitHub, VS Code, Android Studio, Jupyter Notebook
-

EDUCATION

2023 - 2027 BTech. in Computer Science and Engineering at GLS University (GPA: 7.21/10.0)
2021 - 2024 Diplom-Computer Engineering|C.U.SHAH GOVT.POLYTECHNIC-GTU (GPA: 9.48/10.0)
2020 - 2021 SSC - 10th | Dayamayi Mata School - GSHSEB Percentage: 66.16 / 100
