OBJECTIVE

Computer Science Engineering undergraduate with practical internship experience and a strong foundation in software development, artificial intelligence, and machine learning. Passionate about building scalable, problem-solving driven solutions and continuously learning emerging technologies. Eager to contribute meaningfully to a collaborative, growth-oriented team while building a career in software development.

INTERNSHIP

Python Intern | FindPro IT Solution

- Worked on Python programming concepts and practical development tasks
- Improved coding, debugging, and software development skills through hands-on practice
- Participated in project-based learning activities, gaining exposure to real-world development workflows

Android Development Intern | FindPro IT Solution

- Learned Android application development and testing fundamentals
- Worked on user interface design concepts and application workflow design

PROJECTS

SafeText AI – Smart SMS Protector | Tools: Python, Machine Learning, Artificial Intelligence

- Developed an AI/ML-based SMS spam detection system to identify and filter unwanted messages
- Applied machine learning techniques to classify and detect spam messages with improved accuracy

Alert Management System | Tools: Java, SQL, Application Development

- Designed and developed an alert and notification management application
- Implemented efficient monitoring and alert handling functionality for timely notifications

Academic Software Projects | Tools: Java, Python, C++, SQL

- Collaborated on multiple diploma-level software development projects with peers
- Participated in design, coding, testing, and documentation phases across project lifecycles

CERTIFICATIONS

- Fundamentals of Java Programming – Coursera (2024)

SKILLS

Programming Languages: Java, Python, C++, C#, Android

Database Systems: SQL

Core Skills: Problem Solving, Software Development Fundamentals, Application Testing

Interests: Web Development, Mobile App Development, Learning New Technologies

EDUCATION

GLS University | 2024 – 2027

B.Tech in Computer Science & Engineering | CGPA: 6.7

C. U. Shah Polytechnic | 2021 – 2024

Diploma in Computer Engineering | CGPA: 7.83
